Driven by curiosity I've taken a unique path to frontend development, drawing on diverse professional experiences, but every step has taught me something valuable. I prioritize simplicity, clarity, and thoughtful design. I'm always eager to learn, improve, and take on new challenges, even when things get hard, I don't give up. I may not have years of experience yet, but I bring dedication, adaptability, and a genuine love for bridging technical challenges with creative design solutions.

EXPERIENCE

09/2024–Present

FRONTEND DEVELOPER – Intern
Nexer Group, Gothenburg

- **Developed an email marketing platform** (similar to Mailchimp) using **Next.js**, **TypeScript**, **Zustand**, and **SCSS**.
- Successfully debugged and resolved cross–client compatibility issues during the implementation of a test email sending feature, ensuring templates displayed correctly across Gmail and Outlook.
- Collaborated in an agile team, actively participating in code reviews, sprint planning, and QA testing.

10/2022 – 12/2022

ANDROID DEVELOPER – Intern
Stendahls, Gothenburg

- Quickly assimilated the fundamentals of Android development using Jetpack Compose, Room Database, and Kotlin, effectively applying these skills to create functional application components within a short timeframe.

11/2018 – 06/2024

SENIOR CASINO ASSOCIATE
Casino Cosmopol, Gothenburg

- **Managed financial transactions** and ensured regulatory compliance.
- Provided **exceptional customer service** while handling disputes and security monitoring.

EDUCATION

08/2023 – 05/2025

FRONTEND DEVELOPER | YH
Medieinstitutet, Gothenburg

03/2025 – 05/2025

UX & ACCESSIBILITY | YH
Medieinstitutet, Gothenburg

12/2021 – 12/2022

ANDROID DEVELOPER | VOCATIONAL COURSE
Vuxenutbildning, Lerum

Html   Css/Scss   JavaScript   TypeScript   Kotlin

React   Next.js   React Native   Cypress E2E   Git   Api

Figma   UX & Accessibility   WCAG   Responsive Design

Problem-solving   Communication   Teamwork   Agile

SWEDISH: Professional Working proficiency

ENGLISH: Fluent

Email Builder - Nexer Group

Contributed to the development of the Email Builder, a web-based tool designed to create and send responsive email campaigns. Implemented features using **Next.js**, **Typescript**, and **Zustand**, and ensured accessibility compliance with **WCAG** standards.

Boost App - Nexer Group

Developed key components of the Boost App, a cross-platform mobile and web solution designed to promote health and activity, utilizing **React Native** and **Angular** to ensure seamless data synchronization between mobile and web platforms.

Digital Travel Journal | **Live Demo**

Designed and developed a full-stack web application using **Next.js**, **TypeScript**, **Tailwind Css,** and **Firebase**. Features include an interactive map (**Mapbox API**), real-time weather integration, a custom postcard creator, and secure user authentication. Implemented **WCAG 2.1** accessibility standards and optimized for performance and responsiveness.
